

Nations Total English for Business - Individual

Nations Ireland - English communication training exclusively for business people and professionals since 1978

The unique structure of Nations Total English for Business, illustrated in the graph below, helps you **create, develop and maintain successful business and professional relationships** with clients, colleagues and suppliers in English.

The fastest way to improve your English is intensive training in an English-speaking country.

Your training takes place in our Executive Centre, exclusively for business people and professionals, in Cork, Ireland. Nations is the only such centre in the euro zone.

Whatever course you are on you will have the time to discuss and exchange ideas and experience with other motivated professionals. English, communication and sharing different cultural experiences all form part of your course.
